INDEPENDENT AUDITORS' REPORT

TO THE PARTICIPANTS AND ADMINISTRATIVE COMMITTEE OF THE DIAMOND OFFSHORE DEFINED CONTRIBUTION RETIREMENT PLAN HOUSTON, TEXAS

We have audited the accompanying statements of net assets available for benefits of the Diamond Offshore Defined Contribution Retirement Plan (the "Plan") as of December 31, 1998 and 1997, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 1998. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 1998 and 1997, and the changes in net assets available for benefits for each of the three years in the period ended December 31, 1998 in conformity with generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of (1) assets held for investment purposes as of December 31, 1998, and (2) reportable transactions for the year ended December 31, 1998 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 1998 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

#### DIAMOND OFFSHORE CONTRIBUTION RETIREMENT PLAN

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 1998 AND 1997

#### ORGANIZATION

The Diamond Offshore Defined Contribution Retirement Plan (the "Plan") was established effective July 1, 1989. Effective January 1, 1997, Diamond Offshore Drilling, Inc. (the "Company") merged the Arethusa Off-Shore Company Profit Sharing Plan (the "Arethusa Plan") with and into the Plan. Net assets available for benefits for the Arethusa Plan were \$10,731,913 as of December 31, 1996. In connection with this merger, the Plan changed trustees from The Dreyfus Trust Company ("Dreyfus") to The Scudder Trust Company ("Scudder") effective January 1, 1997. The adoption of the Plan in its entirety is intended to comply with the provisions of Sections 401(a), 401(k) and 401(m) of the Internal Revenue Code (the "IRC") and applicable regulations thereunder. The Plan is intended to qualify as a profit-sharing plan in accordance with the requirement of Section 401(a) (27) of the IRC.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ACCOUNTING BASIS - The financial statements of the Plan are prepared using the accrual basis of accounting.

 ${\tt INVESTMENTS}$  -  ${\tt Investments}$  are reported in the financial statements at fair value.

TRUSTEE FEES - Normal recurring trustee fees are paid by the Company, the Plan's sponsor. Fees paid by the Company were \$49,314 and \$10,112 for the years ended December 31, 1998 and 1997, respectively.

USE OF ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the Plan income and expenses during the reporting period. Actual results could differ from these estimates.

#### 3. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution retirement plan for U.S.-paid employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC.

ADMINISTRATION - The Plan is administered by an administrative committee appointed by the President of the Company.

PARTICIPANTS - Prior to July 1, 1997, any employee of the Company became a participant of the Plan on the first quarterly entry date (January 1, April 1, July 1, or October 1) following the completion of one year of service. Effective July 1, 1997 an employee of the company will become a participant of the Plan beginning in the month following the completion of a 90-day service period.

CONTRIBUTIONS - The Company makes a profit sharing contribution equal to 3.75% of the employee's qualified yearly earnings and a matching contribution equal to 25% for every percent the employee contributes up to a maximum of 6%. In 1998 and 1997, Company contributions were made quarterly. In addition, each participant may make voluntary contributions of up to 15% of his or her annual compensation, as defined by the Plan. Employee contributions are made through payroll deductions.

INVESTMENT FUNDS - Effective January 1, 1997, the following investment options are available to plan participants:

Scudder Stable Value Funds: This collective investment trust invests in high-quality instruments, including guaranteed investment contracts, bank investment contracts, money market instruments and synthetic contracts.

Scudder Income Fund: This fund invests primarily in high-grade corporate bonds, convertible bonds and government securities.

Scudder Balanced Fund: This fund invests in common stocks of companies that the fund's advisor believes offer the potential for above-average growth of earnings, cash flow or assets relative to the overall market

Scudder Growth & Income Fund: This fund's primary investments are income-producing common and preferred stocks of established companies.

Scudder Stock Index Fund: This collective investment trust invests in common stocks of companies listed in the Standard & Poor's 500-stock index (the "S&P 500"). The trust may invest in all 500 stocks or in other mutual funds that approximately mirror the S&P 500 in their weightings.

MFS Research Fund A: This fund invests in common stocks or securities convertible into common stocks of companies believed to possess better-than-average prospects for long-term growth.

Templeton Foreign Fund I: This fund generally invests in common stock, although it may also invest in preferred stocks and certain debt securities, rated or unrated.

Putnam New Opportunities Fund A: This fund invests primarily in common stocks in the following sectors: personal communications, environmental services, media/entertainment, medical technology/medical cost containment, applied advanced technology, value-oriented consuming and personal finance.

Diamond Offshore Drilling, Inc. Common Stock: This fund invests in the common stock of the Company and reinvests dividends of the Company's stock, if any, into additional shares of the Company.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the Company's and the participant's contributions and an allocation of the Plan's earnings. Allocations are based primarily on account balances at specified dates as provided under the terms of the Plan.

VESTING - Each participant has at all times a fully vested and nonforfeitable interest in their contributions and earnings thereon. Matching contributions made by the Company to participant accounts vest 100% after five years of service.

 $\label{formula} \mbox{FORFEITURES - Forfeitures are applied to reduce the Company contributions} \\ \mbox{to the Plan.}$ 

LOANS - Participants may borrow from his or her account up to the lessor of (i) one-half of the vested value of their accounts or (ii) \$50,000.

PAYMENT OF BENEFITS - Upon separation of service, each participant may elect to receive the entire account balance in a lump sum payment. As of December 31, 1998 and 1997, amounts payable to participants who had terminated or withdrawn from the Plan were \$86,255 and \$624,336, respectively.

#### 4. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan by the Company, the trustee will distribute to each participant the amounts credited to his or her account. No amount will revert to the Company in the event of the Plan's termination.

#### 5. FEDERAL INCOME TAXES

The Plan has obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") dated February 25, 1997. It is the opinion of the Plan administrative committee that the Plan has met, and continues to meet, all necessary IRS requirements exempting it from federal income taxes; therefore, no provision for income taxes has been made.
